Clarification to RFP Number 1603/Store/STD/DoS/LAN dated 03 Jan 2018

1. Subsequent to the interactions with various vendors and the pre-bid meeting on the subject RFP, the following clarifications are issued:-
- The SFP modules required for the project are multimode.
 - The 24 port patch panel required will be loaded.
 - The removal of old/faulty cables includes removal of the conduits /casing capping and I/o boxes etc.
